

USA.NET Rated as Top Player in 2008 Hosted Exchange Email Study

For the 2nd consecutive time The Radicati Group has awarded USA.NET the leading provider placement.

The Radicati Group's annual study recognizes USA.NET for offering a highly comprehensive suite of Hosted Exchange email services at an affordable price.

The Radicati report cited the following "key strengths" of USA.NET:

- A highly scalable and customizable three tiered Hosted Microsoft Exchange solution that can be modified to fit a company's needs.
- Dedicated technical account managers – a unique customer service not typically offered by competitors.
- Premium IT security services such as, anti-spam and anti-virus protection, content filtering, email encryption, eMessaging archiving, enforced TLS, other compliancy services, and disaster recovery.
- Optional solutions for all Hosted Microsoft Exchange packages that include a hosted Microsoft Windows SharePoint and secure Instant Messaging with archiving capabilities.
